

Akeela Camper Assurance Program ("ACAP")

PROTECTION FOR YOUR CAMP TUITION

What If ...

Your child is sick or injured or is unable to attend camp for ANY reason?

Or If ...

Your child receives a "once-in-a-lifetime" opportunity for next summer, or simply decides to try something different?

Or If ...

A family emergency or personal financial situation makes it imprudent or impossible for your child to go to camp?

Or If ...

Due to events in the U.S. or around the world you decide to keep your child close to home next summer?

WOULD YOUR CAMP TUITION BE PROTECTED?

Each summer, thousands of children are unable to attend their camps for a variety of reasons. Depending on when you cancel, you will probably lose some or all of the money that you have paid. You could easily lose thousands of dollars if you find it necessary to cancel once your child is registered for camp.

In response to numerous requests from parents, and in recognition of the fact that we live in a very different world today than the one we grew up in, Camp Akeela is pleased to offer a program that protects your camp investment if you find it necessary to cancel for ANY reason prior to the start of camp. ***This program is optional and must be selected and paid for at the time you register your child for camp.***

Please refer to the Frequently Asked Questions on the Following page for details about the program.

FREQUENTLY ASKED QUESTIONS

WILL I GET MY MONEY BACK IF I ENROLL IN ACAP AND NEED TO CANCEL?

You will receive a full cash refund (less a \$250 processing fee and the \$500 ACAP fee) if you cancel in writing before May 1st. If you cancel between May 1st and May 31st, \$2,000 of your tuition will be retained as a credit for a future camp session; all other money will be refunded, less a \$250 processing fee and the \$500 ACAP fee. If you cancel between June 1st and the start of your child's camp session, \$3,000 of your tuition will be retained as a credit for a future camp session; all other money will be refunded, less a \$250 processing fee and the \$500 ACAP fee. The reason for this is that as the time for camp approaches we need to commit to more and more costs that are based on the number of campers we have. Additionally, it becomes increasingly difficult to fill empty spots later in the year. ACAP is designed for families that are committed to camp, but who find it necessary to cancel for an unforeseen reason. It is not intended for someone that will probably never come back if they cancel.

NOTE: ACAP does not apply to early departures from camp for any reason.

ARE MY PAYMENTS REALLY PROTECTED IF MY CHILD CANCELS WITHOUT A GOOD REASON?

Yes. You do not need to give us a reason to cancel under ACAP. The only requirement is that you send us a written cancellation before camp opens. Depending on when you cancel, a portion of your payments will be retained as a credit for a future camp session for your child or a sibling.

CAN I SIGN UP FOR THE ACAP PROGRAM AT ANY TIME?

No. You must sign up for ACAP at the time you enroll for camp, although we do allow a 15-day grace period. If you do not sign up for ACAP during this period and find it necessary to cancel you will be subject to the standard cancellation penalties as detailed on the application.

IS ACAP THE SAME THING AS TRIP CANCELLATION INSURANCE?

No. Insurance programs only protect you in the event of specific insured situations (medical emergency, death in the family, loss of job, etc.) and typically have a deductible. With ACAP you can cancel for any reason. ACAP is more accurately described as a Cancellation Fee Waiver Program, whereby you receive different cancellation options if you sign up for the program. It's more like buying an unrestricted airline ticket as opposed to a non-refundable ticket or one that has penalties attached to changes.

SHOULD I CHOOSE ACAP?

Since the cost of ACAP is so small relative to the flexibility it affords you, it is a good option if you and your child are sincerely committed to sleep-away camp. **However, ACAP may not be a great choice if you have good reason to believe that your child may not end up attending camp next summer, as you may end up with a non-refundable credit for a future camp session.**

ACAP is an option that has been developed in response to requests from parents, as a way to protect their payments in the unlikely event that their child is unable to attend camp. We hope you find it helpful.
